LUBRICANTS CO.

899 Mearns Road Warminster, PA 18974

215 674 1000

F.C. Haab Co. was founded in 1945, as a heating oil company and since that time, we have grown exponentially. We have persevered and benefited from various economic climates, and we are proud to say that 3 generations later we are still family owned and operated-ready to serve our customers with the same level of service they've become accustomed to.

In the mid 80s Reit Lubricants Co. was established as a wholly owned subsidiary of F.C. Haab Co., supplying customers in New Jersey, Pennsylvania, Delaware and Maryland. Reit distributes to the automotive, on-highway and off-highway trucking, manufacturing, and construction industries—showcasing major brands like Phillips 66, Kendall, Chevron and Lubriplate.

To be sure that our entire service area receives the high level of service they expect and deserve, we divided our delivery area into 7 territories and placed highly trained professional sales representatives into each one of them. We are proud to say that team has over 100 years of combined experience in the lubricants industry among many major certifications.

Reit owns, operates, and maintains our own fleet of 32 trucks covering over 1.2 million miles annually including lubricants and DEF (both package and bulk), as well as heating oil and propane in the Delaware Valley. This provides the Reit team the ability to deliver our products safely and efficiently.

Reit Lubricants Co. is proud of our long-term loyal customer base. We believe that communication is the key to everyone's success. We look forward to hearing from you and your team soon in order to establish a long term business relationship.
